

Berkley Personal Injury Lawyers

Since 1969 our firm has taken on defendants and their insurance companies and teams of lawyers, and have successfully recovered millions for our clients. With an average of more than 15 years of legal experience each, our attorneys are well-suited to help you.

We represent clients who have been injured, and the families of those who have been killed, as a result of car, truck and motorcycle accidents, other accidents, nursing home negligence, pedestrian accidents, defective products, medical malpractice, premises liability, dog bites, workace injuries, and police brutality. We also represent those harmed by employment discrimination and harrassment, financial scams, and financial professional malpractice, and those who have been improperly denied social security benefits.

YOU NEED EXPERIENCED MICHIGAN PERSONAL INJURY ATTORNEYS ON YOUR SIDE

Call us today so that we can learn about your case. There is no charge for our initial consultation, and if we take your case, we will do so on a contingency fee basis. This means that you will not owe us any fees unless and until we recover damages for you.
